LACTOSE INTOLERANCE

Student Name: _____

Date of Birth: _____

Under MN State Statute 124D.111, schools are required to provide lactose reduced milk for students that are lactose intolerant and have provided a written request to school. A physician statement is not required for lactose reduced milk. Juice or water cannot replace milk in the National School Meals Program. All other milk substitutions, i.e. rice or soy milk require a Special Diet form completed by a physician.

I certify that my child is lactose intolerant and should be provided with lactose reduced milk.
